

## **Lesson Plan: Interactive Phonics Learning Webpage**

### **Objective:**

By the end of the lesson, children will be able to:

1. Identify and recognize the sounds of the letters A, B, and C.
2. Associate letter sounds with corresponding words or objects.
3. Engage in interactive phonics activities to reinforce learning.

### **Materials Needed:**

1. Access to a computer or tablet with internet connection.
2. Interactive phonics learning webpage or app (e.g., Jolleyphonics).
3. Headphones or speakers for audio.

### **Lesson Plan:**

Introduction (5 minutes):

1. Gather the children in a comfortable learning area and explain that today they will be exploring letters and their sounds using an interactive webpage.
2. Show the children how to access the webpage or app on the computer or tablet.
3. Briefly introduce the letters A, B, and C, and explain that they will be focusing on these letters during the lesson.

### **Main Activities (20 minutes):**

1. Letter Introduction: Start by navigating to the section of the webpage that introduces the letter "A."
  - Encourage the children to listen to the audio pronunciation of the letter and its sound.
  - Show images or animations of objects that begin with the letter "A" (e.g., apple, astronaut) and ask the children to identify them.
  - Repeat this process for the letters "B" and "C."
2. Interactive Games: Explore the interactive phonics games available on the webpage.
  - Choose games that reinforce letter recognition and sound association.
  - Encourage children to actively participate in the games, guiding them as needed.

3. Word Building Activities: Engage children in activities where they can practice building simple words using the letters they have learned.

- Use interactive features on the webpage that allow children to drag and drop letters to form words.

- Start with simple three-letter words (e.g., "cat," "dog") and progress to more complex words as appropriate.

**Closure (5 minutes):**

1. Gather the children together and review the letters and sounds they have learned during the lesson.

2. Encourage children to share their favorite parts of the interactive activities and games.

3. Remind children that they can continue practicing phonics skills at home using the webpage or app.

4. End the lesson with a positive and encouraging message about the importance of learning letters and sounds.

**Extension Activities (Optional):**

1. Provide printable worksheets or coloring pages related to the letters and words learned during the lesson.

2. Encourage children to explore additional interactive phonics resources or games on the webpage during free play or independent learning time.

3. Share the webpage or app with parents or caregivers, along with suggestions for how they can support their child's phonics learning at home.

**Note to Teacher:**

- Monitor children's engagement and comprehension throughout the lesson, offering assistance and guidance as needed.

- Encourage children to explore the interactive features of the webpage independently, fostering a sense of autonomy and curiosity in their learning process.

- Follow up with additional phonics lessons and activities to reinforce letter recognition and sound association over time.
